

Crystal Halseth, M.A.T., NBCT

Crystal Halseth is an Education Fellow with The ChildTrauma Academy. She is currently a science teacher at Erik Ramstad Middle School in Minot, ND and an adjunct faculty member at Minot State University. She has been teaching science since 1985.

Ms. Halseth received her Master of Arts in Teaching (Science Education) in 1994 and in 2008 became a National Board Certified Teacher in Science for adolescents and young adults.

Ms. Halseth became certified in both BrainGym and 4MAT Training in 2002. Her areas of expertise include instructional design focused on developing relevant, engaging lessons that are inclusive of all learning styles.

Ms. Halseth has taught 4MAT classes in the past at Minot State, and is currently piloting courses related to the Neurosequential Model in Education along with her teaching partners Steve Graner (CTA's NME Program Coordinator) and Patty Hildenbrand.
